DCR Recreational Advisory: The Southern New England Trunkline Trail

WHAT: Starting the week of Monday, May 11, 2020, and continuing through Monday, August 31, 2020, the Department of Conservation and Recreation (DCR) will install a new underpass at Prospect Street in the Town of Franklin along the Southern New England Trunkline Trail (SNETT). The trail will be closed between Lake Street in the Town of Bellingham and Spring Street in the Town of Franklin, and trail users should plan to use other parts of the SNETT during this period of time. Additionally, due to safety concerns, the public will not be allowed within the work zone area and passage around the work zone at Prospect Street in the Town of Franklin cannot be provided. Furthermore, the time period to complete the work is only an estimate, and may require additional time to complete the project.

WHERE: The Southern New England Trunkline Trail (SNETT) between Lake Street in the Town of Bellingham and Spring Street in the Town of Franklin

WHEN: Monday, May 11, 2020 – Monday, August 31, 2020
